Great Recipes on Mediterranean Diet. :)This book is filled with Mediterranean recipes from breakfast, lunch, and dinner.. :)Among the recipes, these are my favorites:- Mediterranean Breakfast Sandwich- Mediterranean Portobello Burger- Chicken Parm Sub- Grilled Potato and Tomato Pizza- Mediterranean Grilled Chicken KebabsI highly recommend this book to everyone who wants to cook Mediterranean Recipes at the comfort of their home.With that, I would give Lucy Branson and Mediterranean Diet a Very Delicious High 5-Star.

I really like the diet and it is more of a life choice of eating than a diet. The Mediterranean Diet has been studied and is reported as the best heart-healthy diet. Just remember that the word "diet" is not used as a restrictive, weight loss word, but rather a way of eating. I was raised meat and potatoes so finding a healthier diet I can prepare and like has been challenging. I will have to ease into it, but even a small change will help. The book diet is supposed to be one of the healthiest diets, and I like it more than Japanese diet for example, the sphere of tastes is a lot more pleasing to me.

The Mediterranean diet is always good for health and has countless benefits for our health. This book is a complete and comprehensive guide for you to learn what the Mediterranean diet is. What kind of benefits about health related issues? The Mediterranean diet is a good source to lose weight with a good health as well. The Mediterranean diet recipes are mentioned by the author in this book also. These recipes are really good and rich in taste. I recommend this book.

Impressive! This book clearly outlines what the Mediterranean diet is and how to follow it. It also has

a number of menus and interesting recipes. I would recommend it for anyone who, like me, would just like a brief outline to help me keep on track as I adopt the Mediterranean diet as my preferred lifestyle. Really worth recommending!

I have been playing around with a few Mediterranean diet recipes and I actually liked it in its entirety. So when I saw this book on my recommended list I thought, why not? I am happy to report that so far I have not been disappointed by the few recipes that I have tried. Unfortunately I am unable to try them all because I end up making the Mediterranean breakfast wrap, sandwich or Grilled Chicken Kebab

Awesome recipes! My husband and I originally got this book from our local library to see what they had to say about the Mediterranean diet and to get recipes. Once we opened the book we realized we needed to buy the book. The information and recipes in this are both outstanding. I'd recommend this book to anyone. Really worth recommending!

Easy to follow and the whole family loves the food. I have picky eaters and this isn't just a diet for weight loss but for whole health. Fun and easy to make food that you can easily find in any store. No special food store shopping here. My daughter loves she can help as well as my granddaughter. Very happy and feeling a lot better. I sleep better and have more energy. No hip just good food.

it's really amazing this is the diet that I need, it so very easy . Delicious and fun to do , it gives me excitement . New challenge to prepare new different kind of Mediterranean Diet. All is safe and help us how to maintain our body into healthy lifestyle. Very energetic it's really gives me a new confident having a good body shape. Really fantastic with the time and effort it will be perfect for the aim we want.
