The Tainted Snuff Box (Beau Brummell Mysteries Book 2)

Synopsis

BRAND NEW FORMATTING AS OF FEBRUARY 2014!"Cross Agatha Christie with Georgette Heyer and what do you get?--Rosemary Stevens!" Jane Detinger, Senior Editor, Mystery Guild After receiving a series of death threats by post, the Prince of Wales feels that some time spent away from London will calm his frazzled nerves. So he escapes to Brighton " where Beau Brummell joins him as a guest. With guards posted at every door, the atmosphere is tense " especially under the scrutiny of Sir Simon. Hired by the Prince as his personal "food-taster," the odious baronet is a poor substitute for the polite company of London society that Beau is used to. Some refinement appears in the form of a new blend of snuff prepared by Beau's good friend Petersham. Sir Simon insists on sampling it before the Prince " only to keel over dead. Now, Beau's friend is suspected of trying to assassinate the Prince. In order to clear Petersham's name, Beau will have to turn his quizzing glass on the crime . . .Independent Mystery Bookseller Association Bestseller!"In her second Beau Brummell mystery, Stevens keeps to the high standard she set in DEATH ON A SILVER TRAY. It's the autumn of 1805, and the Prince of Wales, frightened by threatening letters, has moved with his entourage to Brighton to escape the unknown menace. There, during a walk on the beach, his friend Beau Brummell discovers the body of a young lady, whose identity he's moved to discover. Before he can make much progress, Sir Simon, an obnoxious parvenu who has ingratiated himself as the prince's food taster, samples a new blend of snuff belonging to Lord Petersham at a dinner party--with fatal results. Believing he was the intended victim, Prinny orders Beau to find out who put the poisoned snuff in Lord Petersham's box. Petersham himself is a suspect, and it will take the intervention of Brummell and his pet, Chakkri, "the only Siamese cat in England," to clear the lord's name. In the end, the chivalrous Beau risks social ruin to bring the real murderer to justice. Stevens, with several Regency romances to her credit, shows that her familiarity with the era has not bred contempt. Her mastery of the language and knowledge of the conventions and morals of the British aristocracy allow her story to ring true. With a cast of enjoyable characters both real and fictional, and a string of red herrings, hidden motives and plot twists as intricate as a well-tied cravat, this story will delight both historical mystery and Regency fans." Publishers Weekly"œThe author smoothly integrates the superficiality of the court with a darker undertone making THE TAINTED SNUFF BOX work as an historical novel and a window on contemporary society. While the tone is light, Stevens adds weight to a well-developed plot that is balanced with historical figures and fictional characters." • Oline H. Cogdill, South Florida Sun-Sentinel "œRosemary Stevens brings the essence of the Regency era, as well as the personality of Beau Brummell, to sparkling life in THE TAINTED SNUFF BOX. This is a delightful story with a

well-plotted puzzle. Readers will be charmed by the tale of mores and murder. Romantic Times Magazine"Stevens has surpassed her flair for a well-drawn who-done-it regency mystery. Avid historical fiction readers will want to read and devour this superb, page-turning novel. Murder On Miami Beach Bookstore, Miami"What makes this story so enjoyable are the author's characterizations and her effective use of the setting. Stevens knows the era of which she writes intimately and this knowledge enriches her tale." The Mystery Reader

Customer Reviews

No sooner has he successfully solved the murder of a rather obnoxious countess, then Beau Brummell finds himself embroiled in a new mystery: that of discovering who wants to murder the Prince of Wales! Convinced that someone is trying to assassinate him, the Prince of Wales has moved his court to the Pavilion in Brighton. Brummell, having completed his commission (from the Duchess of York, no less) to discover who had actually murdered the poisonous Countess of Wraybourne, has decided to shake the dust of London from his elegant boots, and join his prince at the sea resort. However things at the Pavilion prove to be tense and unpleasant. The Prince has

surrounded himself with guards, and seems to be perpetually in the company of a rather odious baronet, Sir Simon, who has appointed himself the Prince's official food taster. Brummell is appalled at the situation. Not only is Sir Simon a horrid little toad of a man, with little manners and an excruciating taste in clothes, but he also seems to hold a rather unhealthy sway over the Prince of Wales, and looks close to usurping Brummell's place in the Prince's life. The only bright spark currently is that the Duchess of York is also in residence, so that Brummell can now spend as much time as he'd like with the woman who has first place in his heart. One morning while walking on the beach with the Duchess, the pair discover the body of a young well dressed young lady. Preliminary examinations reveal that she was killed by a sharp blow to the head and then thrown into the sea. No one knows who the young lady is, and she seems destined for an unmarked grave. However events soon unfold in a manner that claims Brummell's attention away from the unknown woman.
