Customer Reviews

Thanks for this free book! I especially appreciated the pictures. Not all the coop ideas were as cost effective as I had hoped. All of my coops have been homemade and used materials I had on hand. For example, my kids and I built our current coop from our old outdoor baby play yard (16 plastic hinged panels) and made a roof by weaving branches together. The perch is a sturdy stick, and their food and water are old vinegar containers cut open in the middle and hung on the play yard. I was hoping to find more free-cycle ideas like this one.

This is basic information that can be had on the internet for nothing.....It looks like a series of photos because the kindle text sizing does not work....

Not a whole lot of info. Did not glean but little amount of information. Not much reason to purchase this book.
