I used to believe I was King of the foil dinners when I would take my family camping but this book showed me so many new receipes in an entirely different light! In Camping Cookbook: Fun, Quick & Easy Campfire and Grilling Recipes - Grilling - Foil Packets - Open Fire Cooking - Garbage Can Cooking by Louise Davidson, you will learn a ton of new methods of cooking at a campsite that not only are fun to prepare but absolutely delicious! I'm going to take this book with me to my property in the mountains and try several out. Not only are there dinner receipes in this book, but breakfast and lunch as well. I highly highly (yes, that's twice) recommend this book for the camping enthusiast!!!

We're about to go camping for the first time (yay). Kids are really excited, but they're not hungry yet. I can barely make my way around a kitchen let alone know how to cook and feed a family on a campsite. I'm so glad I came across this book - I got lots of ideas and help, not only on recipes but the utensils to use, what to pack for cooking, cleaning and food storage, and safety around the campfire. I'll think I'll be able to use some of the ideas in the kitchen! So at least the family will go about with full stomachs, not sure how my back will survive though. I'm still hoping for rain and the nearby 5 star.

Don't do much cooking in the morning when I camp I leave that to Captian Crunch! But the lunch and dinner recipes are great. I like the skewers as they were easy to make and clean. The Indian Paneer Tikka was very yummy. With the Fritters and the Sweet and Spicy Corn for dessert were a hit with all. Easy to make and clean up. Enjoyed the book.

It is a very nice experience to spend some time with family and friends outdoors, camping and exploring the wilderness. But time spent around the campfire is the best. And it can be even better with the right choice of food and way to prepare it. In this book, you'll find many useful tips on what to wear, how to pack supplies, and many many recipes for great time around the fire.

If you love being outdoors and spending time with the family, this is a book you need to invest in. The author shares some really creative meal recipes that you can share with your loved ones. I especially loved the section on lunch ideas. Get this book, you won't regret it!

This book does exactly what it says on the tin as they say! It IS fun and the recipes are exciting and so very different....my niece and nephew loved it! We didn't go camping as such to try them we just had a campfire out the back of our house over the weekend and tried the foil sausages, they were delicious! The ginger and lime salmon was so nice as was the tenderloin pork. I am such a salad lover and really enjoyed the sides recipes in this book too. Go on you will not be disappointed!! Neither will the kiddos!

Great book, chock full of a-MA-zingly tempting recipes for camping. Who knew you could make all this on a grill or fire in the great outdoors?

Really information and good book on camping. A well written book and packed with delicious recipes for camping. the recipes in this book shown are easy to follow and quick and easy to make. A great book to take on your next camping trip .
