# Head Louse (Bug Books)

## Synopsis

A study of head lice, covering different types, size and appearance, birth and reproduction, growth, feeding, predators, length of life and movement. It is designed to support children's investigations into life processes at Key Stage 1. Focusing on familiar minibeasts means that children can go into a garden or school grounds to see and research the bugs themselves, so reinforcing learning. Series features include "bug maps" and simple questions based on information given in the spreads. Each spread builds on information given in the previous one. --This text refers to the Hardcover edition.

## Book Information

## Customer Reviews

This book focuses on only head lice - it doesn't really mention avian varieties nor body lice. It's got some very nice photographs, including a really kid-friendly (gross) picture of someone with a bad hair infestation. Chapter Headings are: What Are Head Lice? What Head Lice Look Like How Big Are Head Lice? How Head Lice Are Born How Head Lice Grow What Head Lice Eat How We Attack Head Lice Where Head Lice Live How Head Lice Move How Long Head Lice Live What Head Lice Do How Are Head Lice Special? Thinking about Head Lice Bug Map Glossary/More Books to Read/Index Four Stars :: Great photographs. This book's focus is on head lice and it would make a good selection for

an elementary aged student who is either writing a book report, or who wants to learn more about the vile little creatures. The Accelerated Reading level (ATOS) for "Head Louse" is 3.7. Pam T~mom and reviewer for BooksforKids-reviews
