Modern Rustic

Synopsis

At its heart, the modern rustic look celebrates the fabric of a home, from the roof beams to the brickwork. Wood, stone and steel take center stage. Forget sleek lines and immaculate finishes, this interior style revels in earthy colors and rich textures; in natural materials and the ruggedly handsome bones of a building. In this book, experienced interiors stylist Emily Henson and writer Joanna Simmons walk you through the Elements of the Modern Rustic look. Pure Rustic elegantly blends clean lines with muted shades of gray, black and white. Bohemian Rustic mixes texture and pattern with lots of lush color, while Pop Rustic teams unfinished wood with pops of neon and tongue-in-cheek artworks. Retro Rustic, meanwhile, brings an ultra-relaxed feel, showcasing beaten-up leather armchairs, brickwork floors and old wine crates as kitchen cupboards. In Details, textiles, furniture, fabric and display are explored, while Spaces shows how modern rustic style translates beautifully to every room in the house – and even works outdoors.

Customer Reviews

It is more rustic than modern. No real good, new ideas. It would have been good to see Modern Rustic in a new and unexpected way.

I really didn't like this book and should have sent it back. The photography is dark, making most of the rooms look uninviting. This is not a book that I will spend countless hours paging through.

Absolutely love this book!! Full of inspiration and original ideas... Best part?? All of the photos look like they belong to real home owners and not over styled rooms ready for some magazine cover. Love Love Love!!! Highly recommend.

Wonderful book with some truly beautiful homes featured. It has given me a lot of food for thought and inspiration for a new style within my home. An excellent addition to my growing collection of interiors book and a coffee table must

Beautifully photographed book. I don't buy too many design books, but this one, I couldn't resist. I find myself flipping through the pages for inspiration frequently.

Emily Henson is kinda the bomb. She has an excellent sense of space and composition, using her unique flair to artistically work a room. I found the book inspirational.

love it its my style

Definitely not in good condition as advertised. The spine and bottom of the book was smashed. Absolutely no color throughout the book. Not so great
