The Perfect Bug Out Bag: A Simplified Guide To Building Your B.O.B. So You're Prepared! (SHTF & Off The Grid)

Synopsis

No one knows what tomorrow will bring and being caught unprepared is an option none of us want to be faced with. For that reason alone you want to have a kit that has all of your essentials within easy reach. This bag is commonly known as a "Bug out Bag." In this book, we will walk you through what a bug out bag is, what it is used for and what items you need to have in your bag in order to be prepared for all situations. At the end of this book you will have the tools and knowledge needed to survive situations such as domestic violence, natural disasters, personal threats and a whole slew of other reasons one may need to grab a bag and go. Don't wait another minute. Learn what you will need in order to develop your own bug out bag and be prepared for when the shit hits the fan! Don't Delay. Download This Book Now.

Customer Reviews

bug out bags are a personal choice, but having some ideas of what to carry when is a great idea

I felt that this was a pretty simply written book about the basic things you need to always remember

to pack in your Bug Out Bag. Obviously a situation has yet to occur where I needed to test whether all of these tips were great, but the writer gave explanations for everything he thought should be including in your B.O.B. All in all, it was easy to read and I think the tips were helpful.

Info OK, but I was looking for something more comprehensive
