Pony Jumpers (Show Jumping Dreams ~ Book 2)

Synopsis

Emily Dickenson has big plans for her summer vacation. Coming off a win at the Fox Run show, she expects to fill her days with jumping lessons and beach rides. But now Esther wants her and Mickey to help run the Sand Hill summer camp. Four weeks of teaching little kids to post at the trot isn't exactly what she had in mind and that's not the only problem. Harlow is lame. The vet says that he needs weeks of stall rest. Without her four legged partner Emily is left with nothing to ride, until she stumbles upon a scruffy pony being taken to slaughter. If she uses her winnings to save the pony, will she ever be able to buy the show jumper of her dreams? But if she doesn't, can she live with the guilt? And why does Jess want to stop her from saving the pony in the first place?

Customer Reviews

I love this series I love horses i know that sounds stupid coming from a boy but i have always loved horses just something about is just soo majestic and beautiful and amazing!!!

!!) :) :) ;)

I love this series of books. Svendsen writes good and really gets you involved with the characters.

These books remind me of how horse crazy I was when I was younger.

Since I didn't read horse books when I was younger I'm making up for lost time. I thoroughly enjoyed reading this second inSTALLment (haha), of Show Jumping Dreams. I'm definitely looking forward to book 3. Claire Svendsen keep up the good work!

Having loved Claire Svendsen's first book in this series - Secret Rider - I have been looking forward to the sequel and I was not disappointed. The characters are memorable (both human and equine) and the storyline delightful. From the very first page to the last I couldn't put it down as I had to follow the girl's adventures. Even when I had finished there was a teaser from the next book and I for one, am looking forward to finding out what happens next.

The only complaint I have about this book is the short length and the progression of time in it, but I guess that's because maybe younger people have a shorter attention span. I also didn't like that Emily's mom "disappeared" during the summer and the reason why. What responsible parent would do that? Ann the girls did dangerous things with little consequences.

I started to read the first one in this series and had to read the book 2. I think I'm going to read the whole series because it's a good one.

This book really showed the love that a girl and her horse can share. I know what it's like to have a rescue horse and it's a lot of work but in the end it's all worth it and this book shows it that's why it deserves a 5/5.

This book is really easily relatable I generally don't enjoy reading but this book I couldn't put down it was really good! I recommend this book to any Horse Crazy girl or family that wants good fluff reading! :-)
