## Synopsis

The South Beach Diet So, what exactly is this diet anyway? Is it new? Does it work? Who came up with such a thing? Well, it's actually a fad diet which was also developed by a guy named Arthur Agatston, not only that but it was also promoted in a book that became best-seller back in 2003. But first, we want you to know what a fad diet is. A fad diet is basically a kind of diet that often promotes a short-term weight loss. Now, back to the South Beach Diet, it strongly suggests eating unsaturated fats, lean protein, some carbohydrates, high-fiber, low-glycemic carbohydrates and such. This diet also has three stages involved. As you go on in these three stages, the portions of carbohydrate consumption increases as the fat and protein consumption decreases. There are tons of recommended food listed while you don't actually need to cut back on all the calories. There's also some kind of exercise involved, all the stages are based on a person eating three main meals and only two snacks a day. Don't get us wrong, this diet is completely different from other low-carb diets. Though a lot of sources has categorized the South Beach Diet under a low carb and alongside Atkins diet. Yes, it prohibits the consumption of foods rich in carbohydrates like white bread, white potatoes and white rice. Though it doesn't require the dieters to stay away from carbohydrates entirely, it doesn't even require the dieters to look out for how much carbohydrates they do intake. This diet just focuses on the glycemic impact or the short term change in a person's blood glucose. The information and diet plan included in this book will help you in losing extra body fat in a quickly and healthy manner. You will learn about what the south beach diet exactly is and what are the benefits of this diet plan.

## Customer Reviews

It is a good summary I recommend it for all those who are considering a good balanced weight loss program

This is a very quick summary of what the south beach diet is about. Not a single recipe, though as the subtitle says. Very disappointing

I wish it would have had more recipe's
