For authors and publishers the Black Book is essential. When writing a book we often have to find celebrity sources for information. For publishing a book, we often have to find celebrities for testimonials. Authors and publishers need this reference.--Dan Poynter, the Self-Publishing Manual.

Each year I use the Celebrity Black Book to send requests out to stars/celebrities for 'doodles' so we can auction them off for the Cystic Fibrosis Foundation. I have tried other autograph/celebrity books but have now even given up on that because the Celebrity Black Book is so great. As this fundraising event is always a HUGE undertaking, i wait for the most updated version of the book. It is rare that a letter gets returned to me. If it does, I do contact the author and notify them. They do send me an updated address after some research. (I only use the printed version) I'm telling you the customer service, if needed, is GREAT! Overall, this book has helped me to raise hundreds of thousands of dollars. It's literally the ONE BOOK that i could not live without. I will forever be grateful to Jordan and Contact Any Celebrity! BTW, I just got this years book and its over 940 pages! It also weighed over 4 lbs! I can't wait to get started with my fundraising! BUY THIS BOOK if you want to contact celebrities, sports stars, athletes, etc. It is the BEST and MOST reliable that i have found over the past 14 years!

It arrived in the mail today, 4 and a half pounds of possibility, 4 and a half pounds of mind-buzzing ideas. Just flipping through the pages of this incredible directory of celebrities, reminds me that the world is a lot smaller than it used to be and that anything's possible! In my book, Step Into The Spotlight! and in Jordan McAuley's book, Celebrity Leverage, we both discussed benefits of attracting celebrity endorsements for your business, your book, your product, your service, your charity, whatever it is you're trying to promote. It's much easier to attract the spotlight if you have an endorsement from someone who is already in the spotlight, i.e. a celebrity. But how do you find them? This book lists the mailing addresses of everyone! Just for fun, I tried to stump the book. I looked up the actress who played Cat Woman in Batman when I was a kid, Julie Newmar. She was in there! Want to send a "Congrats for Dumping Tom" card to Katie Holmes? She's in there! And it's hot off the press, up to date. What more could a person ask for except maybe someone to help you carry it home from the post office. Totally cool!

It is an amazing book. It was the 2013 issue so it did not have Stephen Curry !! --big Warriors star--nor did it have Dr. Ben Carson, but U can get that from the internet--sort of. I bought it mainly for celebrity athletes and it was good. It is also laid out very nicely--an enormous contrast to one I returned earlier.

BIG WASTE OF MONEY! I bought a Kindle version for my computer and e-reader. There is NO Index, No Index Tabs, NO Search tab, NO email addresses, NO Official Website addresses. In this day and age you are talking about having to hand write a letter, address envelopes, and postage stamp insanity on top of Hand Filing the address. No one has time for this anymore. Plus the information is hardly ever right. BUT HE HAS A LINK POSTED IN THE INTRODUCTION TO TAKE YOU TO PURCHASING THE \$99 VERSION (add S&H to that) which is no better another poster points out.

I am really impressed with the mammoth size of this book. As an author and publisher, it's handy to have access to celebrity contact information for endorsements and this book is loaded with information. It will definitely come in handy for my author clients!

Amazing Book! I liked everything about it. This book is very handy purchase it now! I highly recommend it. Priceless
