Customer Reviews

I bought the book from Micheals Arts and Crafts and have been using it ever since for my scrapbooking. The ideas for Christmas and Grandparents are absolutely terrific. It works great with my Light boss too.

I bought this book for scrapbooking , the expressions are great!! I've gotten so many ideas for pages and also gotten ideas for other projects. I would recommend this idea book if you need help with page ideas and journaling.

If you love to scrapbook or do crafts then this is a dream book. It provides helpful and inventive tips on how to create a work of art. I love how the border pages and sayings are easily combined for scrapbooking. I have used this book for scrapbooking, card making as well as printing up posters for our Day Care Centre Christmas concerts. I highly recommend this book to all crafters.

I have all four books now and I wish there were more. It is so great creating scrapbook pages.

Don't get me wrong, any help with the title department for my pages and my cards is appreciated. I was afraid that this book would be filled with "hokey" sayings. When I received this book yesterday, I looked through it and found just what I had expected. Yes, it's nice to have all of the sayings in one book. But they are mostly predictable or already heard of. This could be because this is the first edition of this series. I will continue to collect these books because I do feel they are an asset.
