# Extreme Pumpkin Carving, Second Edition Revised And Expanded: 20 Amazing Designs From Frightful To Fabulous

## Synopsis

Create the best jack-o'-lantern on the block by taking a fresh approach to the old Halloween tradition! This book shows you how to use relief-carving techniques to create realistic features like cheeks, lips and eyebrows that really make your pumpkins come alive. Learn to carve 20 fun three-dimensional faces and scenes in solid pumpkins (no hollowing necessary) using tools ranging from kitchen knives to carving gouges and chisels. Complete information is provided for getting started, including an overview of tools and tips for finding the best pumpkin to work with.

## Customer Reviews

This book is great and provides numerous examples for carving pumpkins. I highly recommend it and suggest you consider carving up a face. To help one get started it has an example of carving a pumpkin face and it breaks it down into 87 steps & pictures of to do it. The rest of the book is full of faces you could carve. Enjoy

While it's nice to have a book you can flip through to see the close up photos of these carvings, it doesn't provide the tools to really learn that a video offers. I didn't find the book that helpful for this reason. I would recommend videos for pumpkin carving over books any day.

Lots of great ideas. Mostly way too complicated for me as a beginning carver, but lots of great detail went into explaining the basic ideas.

As advertised

OK
