Customer Reviews

If you love Cottage Style and can't get enough of it, you should enjoy seeing the cottages,

bungalows and farmhouses in this charming book. Its focus is the NEW cottage style--there's even a modular home decorated in a relaxed cottage style. (Top designer David Easton who worked at Parish-Hadley and taught design history at Parsons School of Design in New York writes in his book Timeless Elegance: The Houses of David Easton that he is building a pre-fab home in the country with his partner--so it demonstrates these modular, prefab homes can have style and panache.) I don't know about you, but I have never met a cottage or cabin I couldn't love and wouldn't want to decorate. They are timeless homes which evoke a bit of romance, nostalgia for the past and a "vacation-state-of-mind" as this book describes. But how to decorate cottage style today without being too cliched or cloying? This book answers that question by featuring many examples of updated cottage. The homes offer a hybrid look that is more streamlined with some modern elements and diverse color choices. While you will see the always lovable cottage elements such as sea grass carpet, relaxed slipcovers, old fans, antique glass bottles and decanters, these are combined and punched up with graphic pillows and carpet, modern art, modern silhouette glass lamps, melamine dining chairs etc. Divided into house tour sections, you visually tour homes in this book that are grouped by four cottage styles: every day living, classic looks, touch of elegance and welcoming retreats. There are four to six homes in each section exemplifying these different looks.
