# Classic Recipes Of Russia

## Synopsis

Explore the rich and varied delights of Russian cooking from Georgian meat soup to the fresh cheese and fruit dessert, Pashka. This wonderful collection of more than 25 recipes offers a taste of this culturally diverse cuisine with such dishes as the much-loved Borscht soup, Pelmeni (delicious little stuffed pastries), and Pirozhki (vegetable dumplings). There is Shashlyk, a kind of shish kebab, and imperial recipes such as Veal Orloff, Beef Stroganoff, and Charlotte Russe. The introduction gives an insight into the background of Russian regional cooking, while stunning photographs of every finished dish are sure to inspire you to recreate the authentic taste of Russia in your own home. The author, Elena Makhonko, was born in St Petersburg and learnt to cook from her grandmother. She has written for various food magazines and also published several cookery books. The recipes in this book have been professionally written and have been properly tested in the author's own kitchen. Ingredients are measured out in metric and imperial and US cup measures are also included.

## Customer Reviews

It's a good recipe book. I'm originally from Russia but I've lived outside for a long time. Now I live in Asia and this book allows me to ask my maid (who doesn't speak Russian) to cook something from the Russian cuisine (although I don't recognize some dishes but they are still very nice). Also, as it has illustrations, it helps my maid to know what the final product should look like.

CUTE little book with some interesting recipes inside. I also enjoyed reading about the staples of Russian cuisine. Can't wait to try some of the recipes. Only issue is some of the ingredients will be hard to locate. ( aka rabbit, venison).

I love the pictures and selection of the recipes!

There are some good recipes in this book.

Can't wait to try some of these recipes.
