This book is packed with tons of great recipes. If you guys didn't already know, diet is the biggest part of living and maintaining a healthy life style. You need to work out and mostly put healthy foods in your body. This book has quick healthy and easy recipes just like it says in the title. I definitely would add this book into your collection. This e book has a great selection of unique recipes and easy to follow instructions and simple items.

The recipes are really good and fast to cook. Nothing too complicated and all seem to be tasty (although I tried only a few of them). It's good to have these recipes gathered in one book. When you are lacking time, you always know there is something to do real quickly, but not junky food on the street corner. The only minus is that I would love to have more options. Maybe 50 recipes? Other than that, the book is perfect for me.

No matter, how busy you are.. at the end of the day we need good, healthy, tasty and easy to prepare food at your home. Then this is the book for people like me who are working and tired at the end of the day and have no energies to wait for long hours in kitchen for preparing delicious food to eat. The ingredients are so simple and the cooking instructions are easy to follow. This recipe book is perfect for busy people and to those who are too lazy to cook complicated foods. This book is also perfect for me, it is simple but rich in nutrients and flavor..

The book gave 25 delicious and easy to prepare dishes that can make your life easy. I just think that 25 recipes is not much, I would appreciate it more if there are more recipes in it.
