How To Train Your Cat

Synopsis

Think you can't train your cat? Think again! Our handy guide will turn the wildest feline into the perfect puss. Cats are independent creatures, we all know that. Cats as a general rule usually aren't the show-off and are known to be tough to train. We give you the assistance you need to establish some boundaries and guidelines for your cat. We cover the following areas: Establishing boundaries, Equipment and Treats, Understanding Your Cat, Cat Litter Box Training, Excessive Scratching or Spraying, Clicker Training, Teaching your Cat Tricks, Treating Stress and Anxiety In Cats

Customer Reviews

I have a cat and to be honest I did not believe that I can train her. Cats are hard to train and have their own character specifics. This book is really helpful, not only I managed to remove some of my cats bad habits but I also managed to teach her some tricks that are really useful. There are some basic things that you need to know about the cats if you want to understand them better. This book is quality reading material and I recommend it to all you cat owners. Understand your kitten and you will improve your and her life for sure.

The book is explaining all the things you need to know about your cat. I personally read a lot and I

found some info here that I did not see before. The book is useful for all cat owners and it is a must to read. The training part is good and it will give you some idea about the cat training techniques. I think the author is a real pro and knows the cats really well. It is a pleasure to read books like this. Take a look at this book - it is worthy. Greetings from my cat Tom to all of you - he likes it too.

A a lot of it is basic info that i already knew, so I couldn't get much use from it.
